A message from our Headteacher,

Miss Langsdale

Dear Parents and Carers,

I would like to extend a very warm welcome back to all our pupils, families and staff as we begin a new academic year. I hope you have all enjoyed a restful and enjoyable summer break and are feeling refreshed and ready for the exciting year ahead.

It has been wonderful to see the children return to school with such enthusiasm, positivity and eagerness to learn. The start of a new school year always brings new opportunities, new experiences and fresh challenges, and we look forward to supporting every child to achieve their very best.

At St Francis, we remain committed to providing a nurturing, inclusive and ambitious learning environment where all children can thrive academically, socially and spiritually. We have planned many exciting learning opportunities throughout the year and cannot wait to see the progress and successes our pupils will achieve.

One of our key priorities this year will be improving pupil attendance. Regular attendance is one of the most important factors in ensuring children achieve their full potential. Every day in school matters, and even small amounts of lost learning can have a significant impact on children's educational progress, wellbeing and friendships. Children's attendance needs to be 95% (equal to 10 days off school each year) or more anything below is a concern. Please feel free to contact the office to get an update on this percentage for your child and if it has dropped below remember it can always be improved.

We recognise that there can sometimes be genuine reasons for absence and will continue to work closely with families to provide support where needed. However, we would greatly appreciate your support in ensuring that children attend school every day whenever possible and arrive on time ready to learn. By working together, we can give every child the best opportunity to succeed.

Thank you for your continued support and partnership. The strong relationship between home and school is invaluable and plays a vital role in ensuring the best outcomes for our children.

I look forward to another successful year and to celebrating many achievements together.

With best wishes,
Miss M Langsdale
Headteacher
St Francis RC Primary School

Prayer of the Month

Gweddi'r Mis

Lord Jesus,
Thank You for the beginning of a new school year.
Help me enter this year with an open mind and a willing heart. Give me courage when I feel nervous, patience when lessons are difficult and humility when I need help.
Help me treat my teachers and classfriends with respect. Guide me toward good friendships and help me be a good friend to others.
Give me the strength to choose what is right even when it is not popular.
May the things I learn help me grow in wisdom and use my gifts well.
Amen.

Virtues

Faithfilled and Hopeful

Hopeful – Those who hope in God. Isaiah 40:28-31

Did you not know? Had you not heard? The Lord is an everlasting God, he created the boundaries of the earth. He does not grow tired or weary, his understanding is beyond fathoming. He gives strength to the wearied, he strengthens the powerless. Young men may grow tired and weary, youths may stumble, but those who hope in the Lord renew their strength, they put out wings like eagles. They run and do not grow weary, walk and never tire.

Faithfilled - The Leper who had faith. Luke 17:12-19

As Jesus entered a village on the way to Jerusalem, ten Lepers approached him. Keeping their distance, they called out, saying, ‘Jesus, Master, have mercy on us!’ When he saw them, he said to them, ‘Go and show yourselves to the priests.’ And as they went, they were made clean. Then one of them, when he saw that he was healed, turned back, praising God with a loud voice. He prostrated himself at Jesus’ feet and thanked him. And he was a Samaritan. Then Jesus asked, ‘Were not ten made clean? But the other nine, where are they? Was none of them found to return and give praise to God except this foreigner?’ Then he said to him, ‘Get up and go on your way; your faith has made you well.’

Assemblies

Faith-filled and Hopeful

Mrs Humphreys led our first worship assembly at the start of September by introducing our two St Francis Virtues for this half term. The children are growing to be **faith-filled** in their beliefs and **hopeful** for the future. We have faith in our family and friends and we need to have faith in ourselves. Hope grows out of faith and love. We learn we can step out into the darkness of the unknown and draw on our strengths and ask for help from those around us.

We listened to the Bible story of 'The ten Lepers' from Luke 17: 12-19. What did we learn from this important message? The 1 man who went back and threw himself at Jesus' feet thanked him. That one man is why we remember to be faith-filled every day. He had a complete and living faith - an example to us all.

Thank You

In loving memory of Mrs Patricia Murphy

It is with great sadness that we share the news of the passing of Mrs Patricia Murphy. She sadly died in the Summer break. Mrs Murphy was a much-loved former teacher at St Francis RC Primary School, a dedicated school governor, and a valued member of the St Francis RC Church community.

Throughout her life, she gave generously of her time, faith and talents in service to others, leaving a lasting impact on our school and parish family.

Many of our children and families will remember the support and guidance she provided during this year's First Holy Communion programme. Her kindness, commitment and deep faith helped to strengthen the special bond between our school and church community.

Mrs Murphy was a cherished link between our school and church, and her presence will be greatly missed by all who had the privilege of knowing her. We keep Mrs Murphy and her family in our prayers, giving thanks for her life and for the many ways she enriched our community.

Attendance & Punctuality

Attendance Matters
Every student. Every day.

Target:
100%

Your child's attendance needs to be above 95%

At St Francis we monitor attendance **regularly.**

Our attendance is also monitored by school governors and the Local Authority.

Attendance at school is extremely important for all pupils so that they can achieve as well as possible, and is now part of safeguarding procedures.

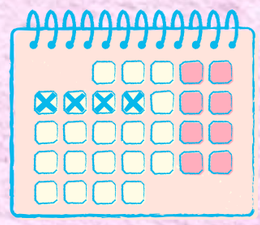

If your child is unwell please contact the office otherwise the absence cannot be authorized.
Please ensure your children are in to avoid potential fines.

Every moment in school counts.
Days soon add up and the more children are in school the more they are likely to learn. Please do all you can to bring you child to school.

stfrancisprm.cardiff.sch.uk | Wilson Road, Ely, Cardiff, CF5 4JL | 02920 591 666 | stfrancisprm@cardiff.gov.uk

Attendance & Punctuality

Target: 100%

Overall Attendance

91.6%

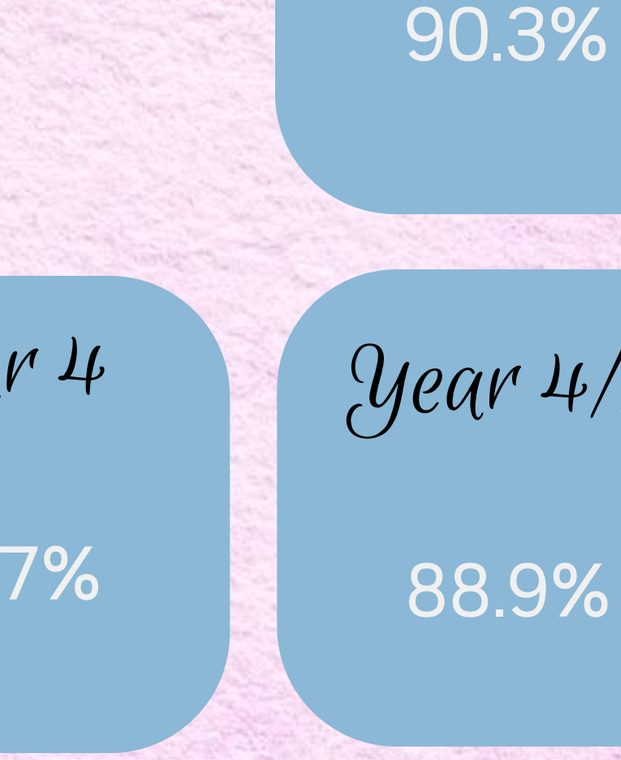

Slightly up from last July!

Your child's attendance needs to be above 95%

Our 26-27 Topics

Autumn Term

Amazing Mixtures and Magical Materials

Cymysgeddau Rhyfeddol a Deunyddiau Hudolus

Tymor yr Hydref

Matter and the way it behaves defines our universe and shapes our lives.

The universe and all living things are made up of matter. The behaviour of matter determines the properties of materials and allows us to use natural resources, as well as to create new substances. Understanding the nature of matter can help learners to appreciate the impact that chemistry has on the world around them, as well as how it contributes to advances in science and technology. Chemical reactions happen continuously in our environment as well as in living things. Learning how to control and apply these reactions has benefits to individuals and industry.

Being curious and searching for answers is essential to understanding and predicting phenomena.

Curiosity about science and technology leads us to ask questions about the world around us. By being encouraged to use logic, evidence and creativity, learners will be supported to inquire into and apply scientific knowledge to further understanding of how our world works. Developing and testing modelswill also help them make sense of its complexity. With evidence derived from observations, new theories can be developed, and existing ideas may be refined or challenged.

Learners need to be able to evaluate scientific claims to help make informed decisions that affect our environment and well-being, including regarding the climate and nature emergency. The choices we make depend on many factors, including moral viewpoints and personal beliefs. However, rigorous and robust evidence-based research provides a solid foundation on which to base decisions. As ethically informed citizens, learners will need to consider the impact of our actions and of scientific and technological developments, locally and elsewhere in Wales, as well as in the wider world, asking ‘Just because we can, does that mean we should?’

Our Learning Journey

Nursery

Miss Wong's Class

It has been amazing to welcome in our brand new Nursery starters and those who have returned to us for a new year of learning. All of the children have been working so hard on so many new skills, making new friends and transitioning into the new environment.

We've taken lots of time over the last few weeks to get to know each other, learn our new friends' name and practice our sharing across our classroom areas.

We've had lots of things to explore in our classroom and have even had chance to visit the big Foundation Phase school for our PE lessons. We've been doing so well with our listening when walking back and forth, always making sure to walk sensibly and stay as a class.

In our RE, we have learnt the sign of the cross and we have been practicing our prayers everyday. We have been learning how we are all unique and special and how God made us this way.

In Phonics we have been working hard to listen carefully to all the sounds we can hear in our environment. We've been checking our sounds to see if they are long or short sounds and deciding whether they are loud or quiet sounds. We've also had a go at copying the sounds, the loud sounds are our favourite to copy!

Together with Jesus we Love and Learn

September 2026

Our Learning Journey

Reception

Mrs Davies' Class

What a fantastic start to Reception! We are so proud of how wonderfully the children have settled into their new setting and how confidently they are adapting to full-time school life. It has been such a pleasure getting to know your children, discovering their wonderful personalities and finding out about the things that make them smile and spark their curiosity. We have already shared so much fun together, and I am really looking forward to learning even more about each child as we continue our exciting Reception journey together.

Our Learning Environment

Y Stiwdio

Y Theatro

Y Llyfrgello

Corneli Catref

The children have enjoyed exploring the learning environment and learning how to use the different resources in each area.

In maths we have been practising our counting, number recognition and ordering.

We made pizza for snack!

In Phonics we have been learning our sounds; SATPIN

Reminders

🍎 Snack will be provided everyday. Please could you contribute £1 a week to this.

👟 PE will be every Friday. Please could the children come into school in their PE kit (school red polo shirt/leggings/joggers and trainers).

⏰ School starts at 8.55am but the gates and doors will be open from 8.45am. Please be on time!

📝 Please make sure all of your child's belongings are labelled.

Together with Jesus we Love and Learn

stfrancisprm.cardiff.sch.uk | Wilson Road, Ely, Cardiff, CF5 4JL | 02920 591 666 | stfrancisprm@cardiff.gov.uk

September 2026

Our Learning Journey

Reception/Year 1

Mr Windross' Class

What an amazing start to the year!

All of R/1 have settled in so amazingly after a long summer break. We have been been exploring the different learning areas in our classrooms and settling into our routines.

We've even had exercise classes being led by children in our outdoor area!

We have been starting off learning how to write our names, number formation and exploring our worderful learning environments

A few helpful notes...

-Snack costs £1 per week. You are also welcome to pack a healthy snack for your child instead.

-All children to bring in their own water bottle. it is so important the children stay hydrated throughout the school day.

-P.E day will be every Wednesday. children to wear a t-shirt, shorts/ joggers/ leggings and trainers to school please.

In RE the children have been learning about 'The Creation Story'. The children have achieved a wonderful understanding that in the story God had the world in 6 days and rested on the 7th. Check out the incredible artwork of our children.

This term, our topic is Amazing Mixtures and Magical Materials. We have started off by finding out what happens when we shake double cream for a long time. Our predictions were wild, but no-one expected it to make butter...and buttermilk)! We then decided to make bread to enjoy it on (with a sprinkling of salt into the butter on the children's request)

Exploring mixtures

We have also been exploring mixing materials and using our Scientific vocabulary to describe if it's made a new substance of if we can reverse the change. One experiment was seeing what we could observe when adding bicarbinate of soda to vinegar

stfrancisprm.cardiff.sch.uk | Wilson Road, Ely, Cardiff, CF5 4JL | 02920 591 666 | stfrancisprm@cardiff.gov.uk

Our Learning Journey

Year 1/2

Miss Harding's Class

It has been lovely to welcome everyone back to school and see the children settling so well into Year 1/2. They have already made a fantastic start, getting to know their new routines, reconnecting with friends and showing us how ready they are for another year of learning.

R.E.D - Creation & Covenant

We have begun our first branch learning about the Creation Story from Genesis. The children have enjoyed exploring what God created on each of the seven days and have produced some excellent work ordering the events in the correct sequence. We also worked collaboratively as a class to create a beautiful piece of artwork, representing each day of Creation.

Reminders

- Our PE day is Monday. Children to wear T-shirt/shorts/joggers /leggings/trainers to school.
- Snack costs £1 per week. You are also welcome to pack a healthy snack for your child instead.
- Book bags will be sent out every Friday. Please return your child's book bag by Wednesday each week.

Topic

This term, we have started our exciting topic Amazing Mixtures and Magical Materials! We began by exploring bubbles. The children were then challenged to design and create their own bubble wands using pipe cleaners, and we had some fantastic success with their creative designs! We also carried out our first experiment, investigating what happens when a raisin is placed in lemonade. The children made predictions, carefully observed what happened and recorded their results. It has been a fantastic start to our topic, with lots of curiosity, creativity and scientific thinking!

stfrancisprm.cardiff.sch.uk

Wilson Road, Ely, Cardiff, CF5 4JL

02920 591 666

stfrancisprm@cardiff.gov.uk

Our Learning Journey

Year 2

Miss Kennett's Class

Year 2 have had a fantastic start to the Year and it has been lovely to welcome them into their new classrooms. We started our topic of 'Amazing Mixtures and Magical Potions' by exploring bubbles.

We investigated what happens when bubbles are mixed with lemonade. We noticed that the bubbles surround the raisins and then the raisins get pushed back up to the surface of the lemonade.

The children have been very busy learning to use the areas independently. Lots of the children have been using the mud kitchen to make cakes and then have been writing lists.

The children have also been learning about Noah's Ark. It has been lovely to see them use their knowledge of this in the provision independently.

We look forward to sharing all our learning with you over the next year!

stfrancisprm.cardiff.sch.uk | Wilson Road, Ely, Cardiff, CF5 4JL | 02920 591 666 | stfrancisprm@cardiff.gov.uk

Our Learning Journey

Year 3

Mrs Humphreys' Class

Welcome to Year 3

A warm welcome to our Year 3 children and parents/ guardians.

It has been a real pleasure to meet these lovely children and get to know them this last month! They are fabulous and they are really trying their best in all areas. It's a big step up from Year 2 to Year 3 and this class have already shown great maturity, responsibility and independence in their everyday approach at School. I am already super proud of them and I'm really looking forward to our exciting year ahead.

A few notes...

-Children to bring in their own healthy snack for break time please. Eg: fruit, cereal bar, crosissant, cheese, or yoghurt.

-All children to bring in their own water bottle, it is so important the children stay hydrated throughout the school day.

-P.E day will be every Wednesday, children to wear a t-shirt, shorts/ joggers/ leggings and trainers to school please.

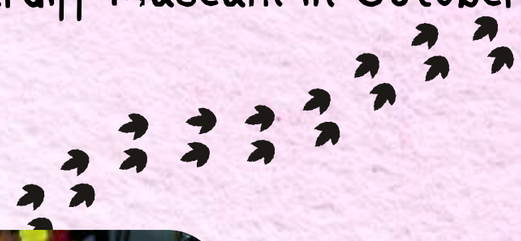

Topic

Our new Autumn topic is called 'Amazing Mixtures and Magical Materials'. Our essential question is 'What can fossils tell us about how the world has changed?'

We have started this work by being Junior Palentologists and looking at different fossil images and thinking.. What could it be? Where could it have come from? We really enjoyed the gummy fossilisation experiment and learning how pressure created the fossil markings. We are looking forward to our visit to Cardiff Museum in October.

R.E.D - Creation and Convenant

We had already completed a few great lessons on our 1st branch. The children already had some good knowledge on the Creation Story from the book of Genesis and what happened in the 7 days. Our focus has been in recognising that Creation is God's gift- his blessing and we are made in the image and likeness of God. We are blessed to live on this Earth and we must ensure we take care of it. We will continue to learn about this from Pope Francis and Laudato si'.

Topic

Maths

stfrancisprm.cardiff.sch.uk | Wilson Road, Ely, Cardiff, CF5 4JL | 02920 591 666 | stfrancisprm@cardiff.gov.uk

Our Learning Journey

Year 4

Mr McConkey's Class

It has been so lovely to welcome the children back to school and see all their happy faces again! They have settled into Year 4 incredibly well and have made a fantastic start to the new school year. I have been so impressed with how quickly they have adapted to new routines and expectations. I am very proud of the positive start they have made and are looking forward to all the exciting learning, fun and adventures that Year 4 has in store!

In R.E. this term, we have begun our first branch, 'Creation and Covenant'. We started by exploring Jesus' family tree and discovering the important people and stories that form part of His family history. We have now begun learning about Abraham and Sarah, exploring their lives and thinking about the plans God had mapped out for them. Through their story, we are beginning to understand more about God's promises, His relationship with His people, and how He guides and calls us in different ways.

Reminder that PE is every Monday! Please can children remember their PE kits.

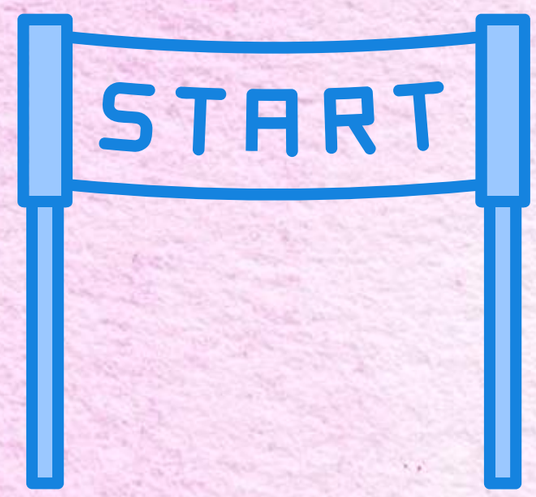

Year 4 have really enjoyed beginning their ukulele lessons with Mr Ottley! They have been busy learning the basics and developing their musical skills. The children will continue to have their ukulele lessons every Monday and are looking forward to putting all their hard work together, hopefully culminating in a special concert in July.

This term, our new topic is 'Amazing Mixtures and Magical Materials'. We have been exploring the fascinating world of materials and discovering how different substances can change and combine in interesting ways. So far, we have been particularly enjoying learning about fossils and investigating how they are formed over millions of years. We have explored how the remains or traces of living things can become preserved in rock, helping us to discover more about the plants and animals that lived long ago.

stfrancisprm.cardiff.sch.uk | Wilson Road, Ely, Cardiff, CF5 4JL | 02920 591 666 | stfrancisprm@cardiff.gov.uk

Our Learning Journey

Year 4/5

Mr Cannon-Jones' Class

What a great start to the year! Class 4/5ACJ is a fantastic place to be, and all of the children are enthusiastic to get stuck into the learning journeys, where we are discovering how to write scientific explanation texts in literacy; uncovering fossils in topic and investigating place value in maths.

In our Religious Education lessons, we have been learning about creation and covenant, by starting to look at the Jesse tree: the family tree of jesus himself, dating all the way back to Adam and Eve. The children have been intrigued by the historical accounts and the stories of Abraham and Sarah who made great sacrifices because of their faith in God.

P.E. (Mondays)

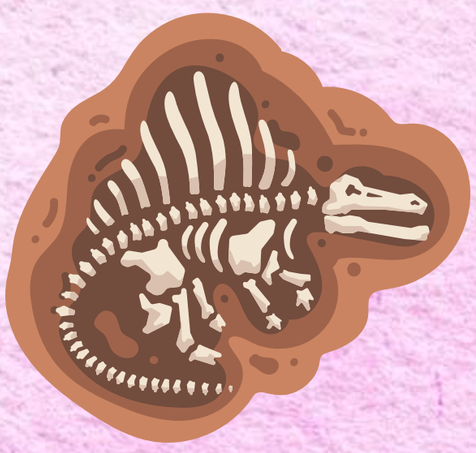

We have been learning to play Tag rugby in P.E. - one of the only versions you can play mixed because it is non contact and about speed rather than brute strength. Similar to sevens, it is played with two teams of seven with lots of space to run and oponents trying to remove the 'tag' of the attacjer to slow their progress. The children are learning the skills and dtrategies very quickly and we have had a couple of games already!

Through topic, We have been discovering the world of palaeontology, looking at fossils and fissilisation, se we tried an experiment to see the effects that pressure had when maling fossils, using bread and jelly sweets!

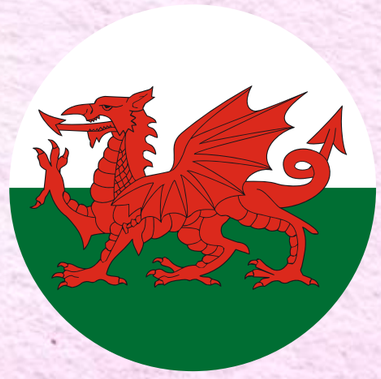

stfrancisprm.cardiff.sch.uk | Wilson Road, Ely, Cardiff, CF5 4JL | 02920 591 666 | stfrancisprm@cardiff.gov.uk

Our Learning Journey

Year 5

Mrs Price's Class

Bore da! (Good morning)

Croeso cynnes i flwyddyn 5! (A warm welcome to Year 5!)

It has been a lovely start to Year 5 where we have all settled in well to our new lovely, bright and welcoming classes.

We begin our academic year with an array of new and exciting topics. In our new R.E.D work, our new branches are in line with the Liturgical year. Therefore, to begin the year our 1st branch is Creation and Covenant.

In mathematics, we have begun by looking at and consolidating reading and writing numbers in their digital and written forms, understanding of place value and partitioning numbers.

In Topic we have just introduced the topic title: Amazing Mixtures and Magical materials.This topic will then weave through other topics to create cross curricular link sessions.

P.E sessions will take place on a Thursday, outside, as often as possible, weather permitting. Please ensure that sensible and appropriate clothing is worn for these sessions.

We have decided to begin our Year 5 sessions in Welsh and learn all about 'Time' (Amser) where we will be learning new words and phrases in relation to this chosen topic.

We are looking forward to the year ahead and will be updating you regularly with Year 5 current information and photos!

Mrs Price

stfrancisprm.cardiff.sch.uk | Wilson Road, Ely, Cardiff, CF5 4JL | 02920 591 666 | stfrancisprm@cardiff.gov.uk

Our Learning Journey

Year 6

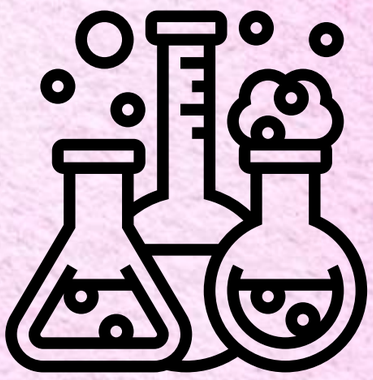

Mrs Sim's Class

Welcome Back!

We would like to warmly welcome all of our Year 6 pupils back to school. It has been wonderful to see how quickly everyone has settled into the new term. We are extremely proud of the mature attitude, excellent behaviour and positive learning habits that the children have shown in recent weeks. They have demonstrated responsibility, kindness and determination, setting a fantastic example for the rest of the school. Keep up the excellent work, Year 6!

Science Topic: Amazing Mixtures and Magical Materials

This term, we have begun exploring our exciting new science topic, Amazing Mixtures and Magical Materials. So far, the children have been learning about reversible and irreversible changes, investigating how some materials can be changed and then returned to their original state, while others undergo permanent changes.

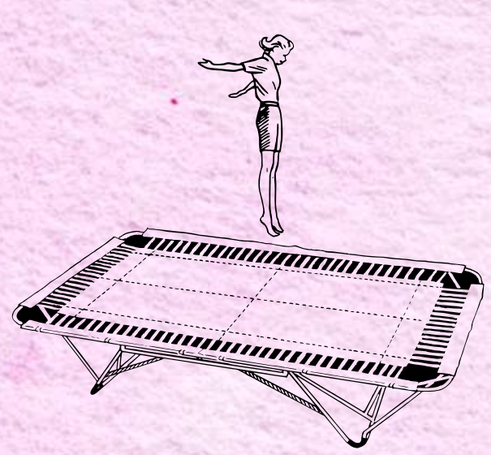

The children have shown great curiosity and enthusiasm during our discussions and investigations. Over the coming weeks, we are looking forward to getting even more hands-on with a range of exciting experiments and practical activities. We cannot wait to develop our scientific enquiry skills as we investigate different materials and their properties.

Mary Immaculate High School Transition Day

Earlier this month, our Year 6 pupils had the fantastic opportunity to attend a transition day at Mary Immaculate High School. The children thoroughly enjoyed experiencing life at secondary school and taking part in a variety of exciting activities. Throughout the day, pupils challenged themselves by trying new sports, including trampolining, American football and a range of engaging team games. It was wonderful to see everyone embracing new experiences, working collaboratively and showing resilience when faced with different challenges.

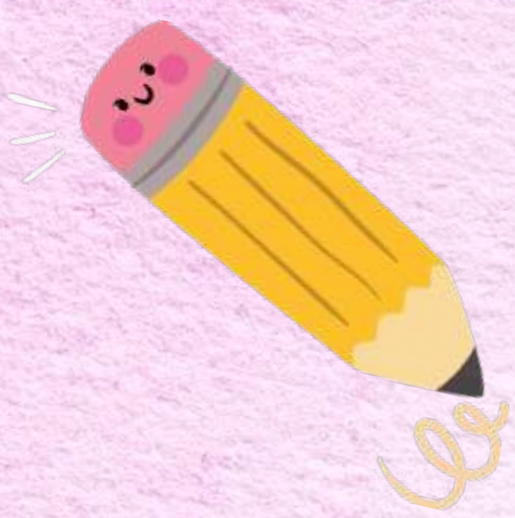

We would like to commend all of the children for their outstanding attitude and behaviour throughout the visit. Staff at Mary Immaculate were impressed by the pupils' enthusiasm, respect and willingness to participate. The children represented our school brilliantly and should be very proud of themselves.

Looking Ahead

We are excited for another busy and successful half term filled with learning, new experiences and opportunities to shine. Thank you for your continued support. We look forward to sharing more of Year 6's achievements with you soon!

stfrancisprm.cardiff.sch.uk | Wilson Road, Ely, Cardiff, CF5 4JL | 02920 591 666 | stfrancisprm@cardiff.gov.uk

Our Learning Journey

Year 6

Miss Mathias' Class

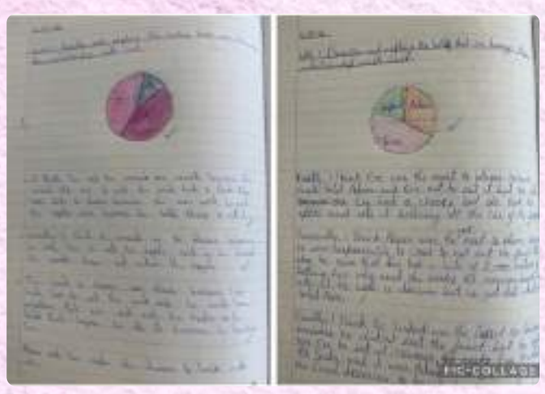

It's been lovely to welcome the children back to school this month, for their final year of primary school! I can't believe they're the oldest in the school now and they've been keen to get to work on their Year 5 responsibilities. We've talked about how important this year is for them and the children are trying their best to be role models for the rest of the school.

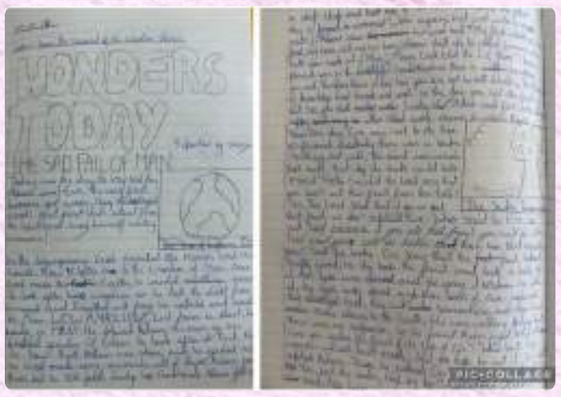

In RE we have learnt about the second creation story and are considering the underlying meanings behind the story.

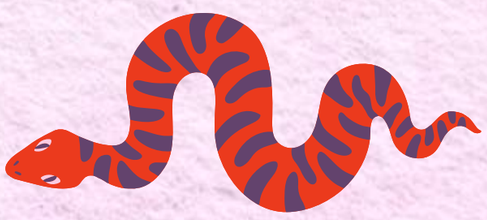

Year 6M 2026-27

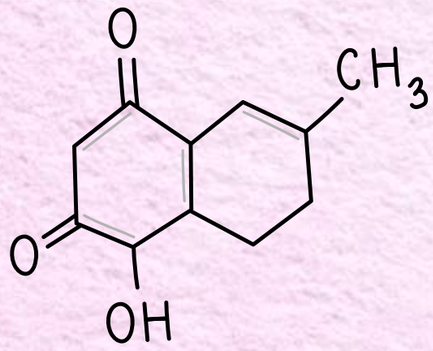

We had a fantastic day at Mary Immaculate on our PE transition day! I was so proud of their behaviour and for making a great impression!

Our topic for Autumn term is called "Amazing Mixtures and Magical Materials," and we're going to be learning all about chemical reactions.

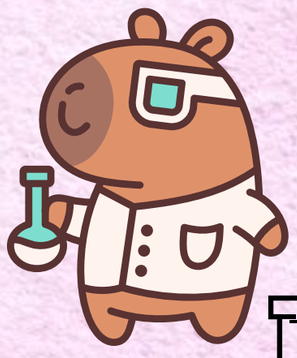

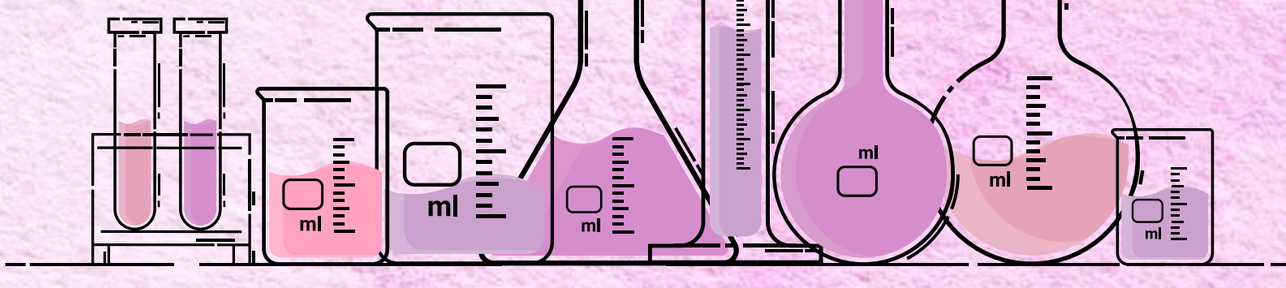

stfrancisprm.cardiff.sch.uk | Wilson Road, Ely, Cardiff, CF5 4JL | 02920 591 666 | stfrancisprm@cardiff.gov.uk

Our Journey to Becoming a School of Sanctuary

Learning About Windrush

We were delighted to welcome No Boundaries into our school to speak with pupils from Year 3 to Year 6 about the Windrush generation and its important place in British history.

Sean Wharton talked to the children about what the Windrush was, why people travelled to Britain, and the experiences of the Windrush generation. The pupils also had the opportunity to hear from Charles, who shared his own personal experiences, bringing this important part of history to life for the children.

It was a fascinating and meaningful assembly, giving our pupils the chance to learn, ask questions and gain a deeper understanding of the people and stories behind the Windrush generation.

A huge thank you to Sean, Charles and No Boundaries for visiting our school and sharing their knowledge and experiences with us. We really appreciated the opportunity to learn from you!
